Chart lists all songs by rehearsal date - showing which we have started (s), / bar number - sung all (y) and any which Barry has said he plans for next time(p).

[1] Bar 27 Sops and Altos "hill... top of the" sing #f (vocal and piano scores differ) Also sing it as you know it not as written. Also bar 57 etc.

[2] NB it repeats three times at bar 57 - Sops come in second time, and tenors come in third time

[3] Bar 87 check correct notes for "when I say" where the score is amended eg altos sing f g g., tenors f e e

[4] Bar 20, 28 etc. Typo - sing the word "strong" not "string"

[5] Bar 21 note the long notes

Notices Barry said he was now proposing two concerts one in Balsall on 17/10/15 another around Leamington on 24th he may invite singers from both choirs to support each other were short of voice types. He is looking at possible School venues in both areas.
